I. INTRODUCTION

The New York City residency law, codified at Sections 12-119 through 12-121 of the New York City Administrative Code, as amended, requires employees, other than those who entered City service on or before September 1, 1986, to establish city residence within 90 days of entering City service and thereafter maintain city residence as a condition of employment. Section 12-120(b) provides that employees who have completed two continuous years of City service while maintaining residency in the City will remain in compliance with the residency law if they establish and maintain residency in Nassau, Westchester, Suffolk, Orange, Rockland or Putnam counties.

Section 12-121 authorizes the Commissioner of Citywide Administrative Services to certify titles as “hard-to-recruit” and exempt them from the requirements of Section 12-120. In addition, the Commissioner may waive the residency requirements with respect to an individual position where recruitment has proved to be exceptionally difficult.

Section 12-120(b)(i) authorizes the Mayor to require agency heads and other senior staff who have completed two years of city service to continue to maintain residence in the City as a condition of employment.¹ Mayoral Executive Order No. 131 (“EO131”), issued pursuant to section 12-120(b)(i), requires agency heads and other senior staff to maintain City residence as a condition of employment. The Commissioner may waive the residency requirements of EO 131 for a prospective covered appointee upon a demonstration that they impose a substantial personal hardship on the prospective appointee. In addition, persons in positions covered by EO 131 who serve in a civil service title that has been designated as a “hard to recruit” title by DCAS are exempt from EO 131 requirements so long as they remain in the designated civil service title.

¹ Section 12-120(b) also authorizes the Speaker of the City Council, the Comptroller, the Borough Presidents and the Public Advocate to require designated senior staff to maintain City residency as a condition of employment.

V. WAIVERS OF THE CITY RESIDENCY REQUIREMENTS

A. Employees Serving in Hard-to-Recruit Titles

Pursuant to Section 12-121(a) of the Administrative Code, the Commissioner of the Department of Citywide Administrative Services (DCAS) may certify there is difficulty in the recruitment of personnel for a title and that to restrict recruitment for positions in such title to city residents and persons willing to establish city residence would not be in the public interest (“hard-to-recruit titles”)³. Persons appointed to hard-to-recruit titles shall not be subject to the City residency requirements while in service in that title and need not establish or maintain residence in the city or in the six designated NYS counties. Certification of a title as hard-to-recruit is subject to such limitation and conditions as the Commissioner of DCAS deems appropriate.

B. Individual Waivers

In cases where recruitment for an individual position is exceptionally difficult, an agency head may request that the Commissioner of DCAS grant a waiver from the City residency requirements to an individual being considered for a position in a title that is subject to the City residency requirements. The DCAS Commissioner is the only agency head authorized to grant an individual exemption of the residency requirements. Requests for individual exemptions must include a detailed explanation of the reasons an individual

³ The Speaker of the City Council shall certify positions in the City Council as hard-to-recruit.

should be granted an exemption from the City residency requirements, including evidence documenting the recruitment efforts for the position in question.

VI. POLICY ON CITY RESIDENCY REQUIREMENTS

A. Residency in the Six Designated Counties – Continuous Service

1. In order to meet the two-year City service requirement of the City residency requirements, an employee’s City service must consist of two years of continuous City service. If there is a break-in City service the employee will be considered a “new hire” and must complete the full two-year City service requirement before the employee is permitted to reside in one of the six designated New York State counties.
2. Employees entering City service from an employer noted in Section IV(A)(1) are treated as “new hires” and must establish and maintain City residence for the first two-years of continuous City service before the employee may reside in one of the six designated New York State counties.

B. Proof and Verification of Residence

1. At the time of hire, or upon the employing agency’s request, an employee shall submit proof of residence to the employing agency. Recommendations for acceptable documentation can be found in the chart below.

Failure to establish and maintain residence pursuant to the City residency requirements (absent a residency waiver, as discussed above), which is a condition of employment, shall result in a forfeiture of employment. Prior to dismissal, an employee shall be given notice of and the opportunity to contest the charge that his/her residence is not in compliance with the requirements.
 - a. Any agency notification to an employee regarding failure to comply with the City residency requirements must be in writing, but should not be considered a disciplinary charge. An agency should not bring disciplinary charges against an employee based on non-compliance with the City residency requirements.
 - b. Within ten (10) days from the date of notification of failure to comply with the City residency requirements, the employee may respond to the allegation of non-compliance by providing a written response and relevant documents in support of a claim of an appropriate residence or may be provided the opportunity to present his/her case in person to the agency.

C. Compliance with the City Residency Requirements

1. Agency Responsibilities:

 - b. Instruct all new and reappointed employees to review the Employee Residence Information Sheet (attached) and ensure that these employees report their addresses and residence status when completing the Comprehensive Personnel Document (CPD).

- c. Require that current employees maintain accurate residence information in Employee Self Service (ESS) by logging in and updating their addresses under Personal Information upon any changes of residence.
 - d. Verify residence of employees by obtaining acceptable documentation, such as that described under Section IV(E)(1), from new employees, reappointed employees and current employees who change residence.
 - i. To determine residence changes of current employees, agencies should run the NYCAPS Personal Data Changes – Address Report (NYCHR21D) monthly, to track address changes made by their employees in ESS.
 - ii. Notify each employee whose address has changed of their requirement to submit acceptable documentation of the new residence to the employing agency.
 - e. Investigate and verify responses to allegations against employees of failure to comply with the City residency requirements. The agency should designate a personnel or legal unit for such investigation and a different personnel or legal unit to review evidence supporting a determination.
2. Employee Responsibilities:
- a. All new hires and applicants with breaks in service, as defined above, must report their addresses and residence status when completing the CPD. Such employees should review the Employee Residence Information Sheet before completing the CPD. Completion of this document is mandatory and refusal to complete the CPD or to sign the affirmation form shall prevent appointment or cause termination of services. Where available, employees should complete the CPD electronically using eHire.
 - b. Current employees and former permanent employees returning to permanent City service with breaks in service of less than one year must report their residence information upon changing residences, changing titles or upon being appointed to new positions with the City. An employee must enter in ESS any changes to residence as soon as possible. Upon updating his/her address in ESS, the employee must furnish acceptable documentation to his/her agency.
 - c. New hires, reappointed and/or current employees must submit proof of their residences to the employing agency. Refer to Section IV (E)(1) of this bulletin or the Employee Residence Information Sheet, or speak to the agency representative for additional information on acceptable documentation.

VII. EXECUTIVE ORDER NO. 131

As authorized by Section 12-120(b) of the Administrative Code, Executive Order No. 131 established residency requirements for individuals holding certain titles in the Executive Office of the Mayor or as senior staff in mayoral agencies as defined in section 385 of the City

Charter. Under the Executive Order, any person serving in a covered position must establish city residence within 90 days of assuming such position and maintain city residence for the duration of his/her employment.

A. Policy

1. Section 1 of the Executive Order requires that persons serving in or appointed to any of the following civil service or office titles establish and maintain city residence for the duration of their employment:
 - a. Executive Office of the Mayor
 - i. First Deputy Mayor
 - ii. Deputy Mayor

The list of senior staff titles subject to the Executive Order is available on the DCAS website. The list is to be updated at least every two years and kept current to the maximum extent possible.
3. The City residency requirements of the Executive Order do not apply to the following categories of employees in City Service:
 - a. Employees who received individual residency waivers; even if they hold, or subsequently assume, a title that is subject to section 1 of the Executive Order.
 - b. Employees who entered City service prior to September 1, 1986 and serve permanently in a competitive class title provided they continue to serve in such permanently-held competitive class title.

 - e. Employees serving in titles that have been deemed hard-to-recruit pursuant to section 12-121 of the Administrative Code.
4. Pursuant to Section 8 of the Executive Order, an agency head may apply to the Commissioner of DCAS for an exemption from the residency requirement for an employee of the agency or a person the agency head is considering for appointment to a title subject to the residency requirements of the Executive Order. Such exemption may not waive the two-year residency requirement or the requirement that employees who satisfy the two-year City service requirement must live in either the City or any of the six designated NYS counties of section 12-120 of the Administrative Code.
- a. A request for an exemption must articulate the substantial personal hardship on the part of the employee/prospective employee if an exemption is not granted and explain how the qualifications of this particular person would substantially further the agency's mission.
 - b. An employee who is granted an exemption shall not be subject to the residency requirement of the Executive Order so long as he/she continues to serve in the same title as an employee of the same agency or mayoral office.
 - c. If an exemption request is denied by the Commissioner of DCAS, the agency will be informed that the employee must be terminated from his/her position if he/she changes residence to a location outside of the city or fails to establish city residence. If the person is not currently a City employee, then such person cannot be appointed.

B. Compliance

- 1. Agencies should review and update their senior staff titles subject to the Executive Order as requested every two years or as appropriate following changes to titles and/or agency restructuring.
- 2. When an exemption request is denied by the Commissioner of DCAS, it is the responsibility of the agency to terminate such employee. Such employee may not be considered for any other position subject to the residency requirements of the Executive Order unless that person requests and is granted an exemption prior to appointment or that person becomes a city resident.
